A Warm Battle Is On In Manila

Americans are Attacked—Spaniards Repulsed—
American Loss 11; Spanish 500.

HONG KONG, Aug. 9.—The first news of a severe engagement, was brought today by a German steamer which left Manila on August 6th. The Spaniards attacked the Americans near Manila. The Americans were victorious, and lost only eleven killed and 37 wounded. The Spanish losses are not known but are reported to be heavy. The insurgent forces remained neutral.

The attack was made on the American camp between Cavite and Manila, during the night of July 31st. The Spaniards, who numbered 3500 men, made several desperate charges on the American lines, but each time the fire drove them back, and finally broke the Spanish center, causing the enemy to retreat.

Later, however, the Spaniards made a second attack, but were again repulsed and retreated into the bushes, keeping up an incessant fire on the roads leading to Manila, over which they apparently expected the American troops to advance.

Some estimates place the Spanish losses at over 500 killed and wounded.

WASHINGTON, Aug. 9.—A dispatch from Manila gives the following concerning the fight near that place:

The advance of the third expedition of General Green's troops toward Manila made the Spaniards wild, and, after having 4000 of his men tormenting them for some time, they determined to fight. For 300 yards trenches extended to the left flank of the insurgents. As Sunday was a feast day for the insurgents, the left flank withdrew and the American right flank was exposed.

In the midst of a tremendous down-pour of rain, the enemy's force, estimated at 300, attempted to surprise the camp. Our pickets were driven in and the trenches assaulted. The Pennsylvania men stood their ground under a withering fire, until the First California regiment, with two companies of the Third artillery, reinforced them.

The enemy was on top of the trenches

when the reinforcements arrived, and when the Third artillery under Captain O'Hara got to work nothing could be seen but the flashes of Mauser rifles. The men ran right up to the attacking Spaniards and moved them down.

The men of the Utah battery, Captain Young, pulled their guns through the mud axle deep, and did grand work. Two guns in the flank poured in a destructive fire. Our infantry had exhausted its ammunition, but the enemy was repulsed, so was not followed.

On the night of August 1st the enemy made the attack at long range with heavy artillery. The Utah battery replied, and the artillery duel lasted an hour. Fred Springstead, of the First Colorado, was killed, and others wounded.

On the night of August 2d the artillery duel was renewed. Two men were badly wounded, and are this morning reported dead, which brings the total dead up to 13, with 10 in the hospital mortally hurt.

GEN. MERRITT REACHES CAVITE

Arrived With Three Transports Escorted
By the Monterey.

SAN FRANCISCO, Aug. 9.—A special to the Call from Cavite, dated August 6th, says:

The three transports which sailed from San Francisco with General Merritt, but which were delayed at Honolulu, arrived today. The monitor Monterey also arrived.

ITS DISPOSITION IN DOUBT

How Will Adolph Sutro's Fortune Be
Disposed Of?—The Lawyers Will
Probably Get More Than Their
Share.

SAN FRANCISCO, Aug. 9.—The final disposition of the fortune left by the late Adolph Sutro is still in doubt. When

Dr. Emma Merritt was appointed guardian of her father last February the Sutro estate was appraised at \$2,849,572. Its real value, however, is believed to be much more. It is said that the sons and daughters will share equally in its distribution.

It had long been ex-Mayor Sutro's desire and intention to give the Sutro Heights property and the Sutro library to the people of San Francisco. Whether the conditions of his illness prevented him from carrying out his plan is yet to be known.

DOLE TO BE THE GOVERNOR

Senator Morgan, of the Commission,
Says Hawaii Is to Have the Former
President as Governor.

SAN FRANCISCO, Aug. 9.—Senator Morgan, of the Hawaiian commission, is quoted by the Call as saying that ex-President Dole will be the first governor of Hawaii, and not Minister Sewall, as recently reported. The senator added that he had the best of reasons for believing that Admiral Miller was carrying Dole's commission to the island.

ARRAIGNMENT OF SAMPSON

Chaplain McIntyre Makes a Fearless
Denunciation of the Admiral—Also
Attacks "Fighting Bob" Evans.

DENVER, Colo., Aug. 9.—In a lecture delivered here, Chaplain McIntyre, of the battle-ship Oregon, spoke as follows of Admiral Sampson's report of the battle with Cervera's fleet:

"Sampson reported himself within four miles of the Cristobal Colon when she pulled down her flags. He did not get a share of the prize money, for the ship must be within four miles to share in the money. Sampson will therefore get \$10,000 of the prize money, while Captain Clark, who fought with the Oregon as never a man fought with a ship before, will get only \$500, and you who have had just exactly as much to do with the battle as Sampson will not get a cent."

McIntyre further said that when the Spanish ships ran out of the harbor the Iowa was within two miles of them and the Oregon about three miles. The Oregon, he said, tore up to the front like a shot and met the Iowa moving to the rear, where, he added, Evans kept her throughout the battle. The chaplain offered no explanation of this alleged maneuver of the Iowa. McIntyre boldly stated that the reason eastern-made ships did not come up to expectations was that the contractors who made them got the contracts through political pulls, and did not care how much they cheated the government. The Oregon was the only one made honestly, he added.

MILES NEEDS NO HELP

Can Complete the Conquest of the
Island With the Force Now in
Command—Troops Will Move in
Four Columns.

WASHINGTON, Aug. 9.—The secretary of war has stopped the dispatch of further reinforcements to Porto Rico. General Miles reported this morning that the force at his command was ample for completing the conquest of the island. This leaves all of Gen. Wade's provisional corps of 18 regiments still in the United States. It is believed all of Wilson's division except the Third Kentucky and Fifth Illinois regiments have already sailed, and they may be allowed to proceed.

PONCE, PORTO RICO, Aug. 8.—General Henry, with the Sixth Illinois and Sixth Massachusetts, will move tomorrow on Arecibo. Practically all our troops will then be then in motion in four columns toward San Juan.

General Schwan is at Yauco, Wilson is near Commo and Brooks is at Guayama. The Porto Ricans enlisted by General Stone, have been engaged with a small Spanish outpost between Adjuntas and Utuado on the road to Arecibo. A skirmish took place last night and one Spanish officer was killed.

WILL GIVE UP THE PRISONERS

This Offer on the Part of the United
States Received Only a Brief Ac-
knowledgment from the Spanish
Government.

NEW YORK, Aug. 9.—A special to the Tribune from Washington says:

The United States has magnanimously offered to parole the 1,300 Spanish naval prisoners taken at the destruction of Admiral Cervera's fleet, whenever Spain is ready to repatriate them. With the exception of the officers, who are enjoying American hospitality within the

limits of Annapolis, the bulk of these prisoners are confined to the naval station at Portsmouth, where they have the liberty of a large, picturesque island and are comfortably quartered and fed in temporary buildings erected for their use. The offer of this government was made regardless of the approaching culmination of peace negotiations and simply with a view of sending a larger number of national guests, who had considerably overstayed their welcome and become burdensome upon the host. These Spaniards have suffered scarcely any of the restraints usually imposed upon prisoners of war, but have been cared for as tenderly as though they were Americans.

DETERMINED TO CAPTURE MANILA

Insurgents Renew Their Efforts—Panic
Inside the Walls—Spanish Loss
Estimated at 100.

MANILA, Aug. 3, via Hong Kong, Aug. 10.—The insurgents, thinking that peace will be concluded between the United States and Spain, and that the Americans will withdraw from the Philippines, are the more strenuous in their desires and efforts to capture Manila.

Sunday night there was a heavy bombardment with heavy modern shells. It is generally believed in the city that the Americans assisted and the papers publish lists of Americans alleged to have been killed.

There is also a report that half the Americans have succumbed to fever, and this mistatement, with others like it, encourages the Spaniards to maintain their resistance.

On Sunday many shots entered the town. Several reached the citadel itself and it is reported that some ladies were killed. There was a frightful panic inside the walls, women and children shrieking in their terror the whole night through.

The insurgents showered large and small shots with such good aim that the garrison believed the whole American army and fleet were concentrating their fire. Many Spanish had previously resolved to cease fighting the moment the Americans began, but the insurgents have subeided and the forts have been reinforced from the barracks. There has been little fighting in other directions. The total Spanish losses are probably 100, but many houses have been seriously damaged.

WILL NOT DRILL ON SCANT FARE

Company M, at San Francisco, are in
Open Mutiny—Object to the Fare
Furnished.

SAN FRANCISCO, Aug. 10.—After the noon meal forty-five men of the 62 in Company M, Tenth Pennsylvania volunteers, informed the acting commander, Sergeant Shaw, that they would not drill on the scant fare furnished them. Sergeant Shaw reported to Lieutenant-Colonel Barnett, who promptly arrested all the malcontents. Up and down the camp they were marched for three hours. They had been stripped of their rams and were guarded on all sides by sentinels from the other companies. A court martial seems imminent.

Adolph Sutro's Will Discovered.

SAN FRANCISCO, Aug. 10.—It is now certain that Adolph Sutro left a will, which is in the hands of Attorney Reuben H. Lloyd. It will be offered for probate within a few days.

The funeral service, which will be private, will be held at Sutro Heights. Rev. Jacob Nieto, rabbi of the congregational Sherith Israel, will officiate. The remains will be taken to Odd Fellows' cemetery, where the cremation will be performed. Later the ashes will be interred in the family plot at Cypress Lawn cemetery.

ONE HUNDRED OF THE SPANISH KILLED

Spaniards Attempt to Retake One of the Most
Important Lighthouses in Porto Rico.

NEW YORK, Aug. 11.—A special to a morning paper says.

Cape San Juan, Porto Rico, Aug. 10.—There was a two hours fight before daybreak yesterday. Eight hundred Spaniards attempted to retake the lighthouse, which was guarded by forty of our sailors, commanded by Lieutenant Atwater, Assistant Engineer Jenkins, Engineer Brownson and Gunner Campbell. The Spanish were driven back by the shells from the Amphithrite, Cincinnati and Leyden.

Refugees report 100 Spaniards killed. The lighthouse is one of the most important on the island.

FIVE NEGROES WERE LYNCHED

Clarendon, Arkansas, in an Uproar—
Wife Accused of Instigating the
Murder of Her Husband Commits
Suicide.

LITTLE ROCK, Ark., Aug. 10.—Word was received here at an early hour this morning of the hanging at Clarendon of five negroes—three men and two women—by a mob. The victims were accused of complicity in the murder of John T. Orr, a wealthy hardware merchant of Clarendon, who was shot by an assassin several nights ago. The prisoners were taken from the jail during the absence of Sheriff Jackson, who was ill, Deputy Sheriff Milwee, in charge of the jail, being unable to resist the mob.

Clarendon has been the scene of great excitement since the killing of Orr, and the lynching of the five negroes charged with complicity in the crime is no great surprise to the citizens. Orr was shot in the back through a window while in his home last Friday night, and died the following day. There was no clew to the murder and even bloodhounds that were immediately put on the trail were unable to run down the assassin.

After an inquest extending over two days a verdict was returned charging Mrs. Orr, the murdered man's wife, with being the instigator of the crime. Miss Rachel Morris, a prominent young Jewess, Manse Castle, Will Sanders, Dennis Ricard, Rilla Weaver and Susie Jacobs, were charged with complicity in

the crime. All were placed under arrest except Miss Morris, who fled.

After the arrest of Mrs. Orr and the five negroes Mrs. Orr made a confession. She admitted that she had said to her cook that she wished her husband dead and that she would be willing to give \$300 to anybody to kill him. But she said that this was uttered while in a fit of anger and that she was innocent of any criminal intention. Her husband abused her, she said, and once struck her, and she being of high temper herself sometimes said things in anger that she did not mean.

Mrs. Orr committed suicide by taking poison in the city jail last night, so that the only survivor of those charged with the murder of Orr is Miss Morris.

Sequel to a Wyoming Tragedy.

BAKER CITY, Or., Aug. 10.—Peter Due, a section man working for the O. R. & N. Co. at Weatherby, was yesterday brought to this city and lodged in jail. He is charged with murder, committed in Fremont county, Wyoming.

Gomez Wins a Big Battle Near Las Vilas

NEW YORK, Aug. 10.—News of Cuban victories in the western provinces has reached here, one of the battles was the result of the success of the attempt of General Gomez, with 3000 men, to force the trocha between Las Vilas and Camaguey, to make his headquarters with the officers of the government of the Cuban republic at Camaguey. The trocha at this point was guarded by 4000 Spaniards under General Castellanos. The Spanish soldiers made a stubborn resistance, but in the afternoon their main body gave way before a machete charge of the Cubans. There were many wounded on both sides. Spanish prisoners were liberated after being deprived of their arms.
